STYLE YOUR LIFE

HOME THEATER

A true Home Theatre system is much more than just a TV and speakers, it brings the big screen movie experience into your home via a quality sound system designed to match that large immersive picture that only a home theatre projector can produce.

FIREPLACE

Warm your home in winter with electric or gas fireplace. Warmth, ambience and chic contemporary detail. A linear design and long ribbon flame form a broad, hypnotic fire scape. Several finishing options create a fundamentally modern look for any space while a standard fan circulates the heat. Reap the benefits of form and function.

BUTLER KITCHEN

A butler's pantry comes in really handy when hosting parties or family events. It is a great place to do the behind scenes prep work. This will allow you to use your main kitchen for the entertaining. It will keep everything looking nice and main countertops free for entertainment pieces.

Walk-in closets provide ample storage. Shoes, jewelry, make-up, clothes - everything can be found at the same place at the same time. Your walk-in closet ideas don't have to be limited to clothing rods, shelves, baskets and boxes. Cabinets offer maximum storage potential. If you want to hide what's inside, opt for solid doors.
