

DOUBLE STOREY HOME DESIGNS BY:

SPRINGFIELD

Springfield is a clever concept that can easily fit up to 4 bedrooms and was created with ordinary family living in mind. A perfect combination of private and public areas. The secret to this design, which is exquisitely positioned to catch the sun and create a sense of belonging along with elegantly enhancing the overall feeling of spaciousness. Its focal point is the kitchen, which has access to the living, dining, and a sizable alfresco. While the media room and study are on the main floor, four bedrooms and a kid's rumpus are on the upper level.

FLOOR PLAN

24sq

Ground Floor

First Floor

SPECIFICATIONS

The generously sized Study is located at the very front of the house. On the First Floor, you will find a spacious sitting room at the top of the stairs, and the Master Bedroom overlooking a balcony, and an extra-large walk-in closet with a gorgeous en-suite.
